# Bring The Tsunami Children Back To School, Back To Normal Life

The Aceh Tsunami and earthquake on 26 December 2004 took more than 250.000 lives, left thousands of orphans and destroyed more than 25 % of school buildings in the province. These children need our special attention.

On 12 January 2005 Fajar Hidayah commenced its free Islamic boarding school in Aceh using an idle building and a rented house. The school now has 134 students, limited only by the availability of space.

For children under the age of 6 who were affected by the Tsunami, Fajar Hidayah opened free kindergarten and play group classes in Desa Lempaya, which now has 102 students. The school is also facing space constraints and has to limit enrolment.

Fajar Hidayah Integrated School is an institution under Fajar Hidayah Foundation founded by Mr. H. Mirdas Eka Yora and Mrs. Hj. Draga Rangkuti on 13 August 1998. Besides the students in Aceh, Fajar Hidayah has more than 1500 students ranging from play group to high school in Kota Wisata-Cibubur, Bukit Sentul-Bogor, and Deltamas-Cikarang.

However in order to accommodate more orphans of Tsunami and to give them proper education facilities and home, a land area of around 20.000 m2 in Banda Aceh is required for the construction of the school building, dormitory and mosque.

A total reconstruction of the damages in Aceh is too strenuous for the present Acehnese. Only with guidance, good environment and quality education this generation can rebuild Aceh.

Let us replace the responsibilities of these children's lost parents by giving them good education and religious personality.

*Fajar Hidayah's effort and contributions are not enough to rehabilitate Aceh, but something has to start and best yet to do it together with others.*

As for those who strive hard in Us (Our cause), We will surely guide them to Our Paths. And verily Allah is with the Muhsinin (good doers)

Surah 29, Al 'Ankabut Ayat 69

*Those who are with me with the orphans shall be as close as this in heaven. (The Prophet showing his index and middle finger puttogether)*

**FAJAR HIDAYAH FOR ACEH**

Our mission is to help the surviving Aceh generation by rehabilitating their physical, mental condition, put them back in school and bring them back to normal life. The unbearable pain our team felt on the field with unimaginable scenes of death and destruction along with people trying to find their loved ones with tears, tremble pain and distress especially mothers and children, compelled us to struggle and urge for the establishment of boarding schools in Aceh and Medan immediately and if possible instantly.

Back to Normal Life**

My name is Yusran, I am 15 years old, and a second year junior high student. I came from Desa Raya, Aceh Besar. When the earthquake happened I was at sea, fishing. When the quake was over I went home to rest, but I saw my mother running and I was shocked to see the water coming in, so I ran. I was swept to a place called Lingke, and trapped by a log. When I got loose I climbed to the roof of somebody's house and cried thinking of my family. Then I went to look for my parents, but could not find them.

I only wished God has accepted them. For three days I looked for the corpses of my family, but could not find them. I took refuge in Ulle Kareng along with my brother. While in the camp, I thought of my family and felt sad.

Then I arrived at Fajar Hidayah, I wasn't sad anymore because I made lots of friends. The teachers were also very caring and fun. The food was delicious, and I had lots of fun.

I am grateful to have a school like Fajar Hidayah. I want to be a teacher when I grow up and still have the spirit to rebuild Aceh.

## Poetry by Acehnese Children

### An experience to know Aceh

A sunny morning...

We were together then and we were together when it happened  
We looked at each other when the strangest thing happened  
Our hearts wondered "What is happening to our Aceh?"

Suddenly the ground trembled  
The earth opened and the clouds became dark  
Even the sky became sad and thunderous

After a while Aceh was silent.....peace and calm.  
Some people wondered "what's going to happen?"  
At that time mankind was scared .....Scared.....and scared...  
Every body was busy looking for their missing relatives.

Suddenly it happened  
People scrambled unconsciously.....  
Every body ran...ran...and ran....and ran  
With no direction where to run  
The water is right behind, following the foot steps  
And everything goes with it  
No man had power to stop it  
Screams and cries were every where  
Corpses scattered on the ground  
Only in an instance, like a strike of lightning

Then the water slowly subsided  
Leaving unimaginable devastation  
Days passed with tears  
Now we are only here to rebuild Aceh  
With determination and spirit which we still have

Composed by : Rahmatika Maulina (15 years old), orphan of  
Desa Lampaya, Lhok Nga, Aceh Besar
